

Anthony Sims

CYBER SECURITY ANALYST

✉ anthony@granitegrcconsulting.com

☎ 1.717.556.1090

📍 280 Granite Run Drive,
Lancaster, PA 17601

EXPERIENCE

As a former Cyber Attacker for the United States Navy, Anthony performed enterprise cybersecurity management, network defense, risk assessment, security governance, and technology implementation. He also participated in the NSA-certified Joint Cyber Analysis course, focused on programming, OS architecture, network analysis, and malware analysis.

He has a range of experience from providing network security analysis and performing host and network surveys and enumeration, to security policy development and implementation. Anthony is skilled in collecting cyber intelligence and led efforts in network defense and digital forensics. His thorough analysis of system and network data allows him to pinpoint weaknesses.

Anthony has a robust cyber security skillset, with expertise in monitoring, analyzing, and responding to security incidents, and implementing security measures to mitigate risks. He is dedicated to protecting computer systems and data from cyber-attacks, security breaches, and unauthorized access.

EDUCATION

- Saint Leo University, AA, 2023

CERTIFICATIONS

- CompTIA Security+
- CompTIA Cyber Security Analyst+

RELEVANT EXPERIENCE

- Vulnerability assessment utilizing Nessus, Qualys, Wireshark, and various other tools
- Security policy assessment
- Security awareness and training
- Manage and configure security tools such as firewalls, intrusion detection systems, and antivirus software
- Threat intelligence by conducting threat research and risk assessments
